

## Website Plan - Mya's Zumba

I wanted my site to convey a sleek tone that isn't too distracting. I wanted it to display a quick way to sign up for classes, get in contact, and learn more about my client, Mya's Zumba. Since this is for an instructor who pays for Zumba licensing capabilities I decided to utilize some of their key colors including the grey and green color scheme. I believe this is the best approach because people looking for zumba will be familiar with the coloring.

Color Scheme:

#C2D23B

#E0E0E0B

#000000
